4490  
Ser N7/426  
24 Nov 18

From: Director, Engineering Directorate (N7)

To: Marshall Yuan, Director, Marshall Tech Pty Limited

Subj: Qualification of Marshall Tech Pty Limited to provide ABB Bailey System Automation Service and Repair Support

Ref: (a) COMSC Inst 4490.1B Qualification Requirements for Items Critical to Safety on Vessels Assigned to Military Sealift Command

1. Reference (a) establishes Military Sealift Command (MSC) policy and procedures for qualification requirements in the procurement of items critical to safety and the modification, repair and overhaul of those items assigned to Military Sealift Command vessels. The Instruction designates the MSC Engineering Director as the Design Control Activity (DCA) responsible to ensure that the design, production and performance standards are met for ship critical safety items. The instruction further assigns responsibility to the DCA to establish qualification requirements and to qualify and identify vendors that meet the criteria and standards for ship critical safety items.
2. Marshall Tech Pty Limited requested consideration for qualification and submitted all required information. An MSC N7 Engineering DCA evaluation team reviewed that information and determined that Marshall Tech Pty Limited meets the relevant qualification criteria for maintenance and repair services on Bailey Controls and Automation systems and components manufactured by ABB-Bailey.
3. Marshall Tech Pty Limited is deemed qualified to provide OEM-equivalent parts, maintenance and repair on MSC ships for Bailey Controls and Automation systems manufactured by ABB-Bailey. This qualification must be re-evaluated no later than 24 months from the date of this letter. Within its sole discretion, MSC may revoke qualification at any time if Marshall Tech Pty Limited fails to provide quality maintenance and repair services, or if Marshall Tech Pty Limited is unable to sustain the capabilities required in reference (a).
4. The MSC point of contact is Neil Lichtenstein, (757)341-6221; email: [neil.lichtenstein@navy.mil](mailto:neil.lichtenstein@navy.mil).

A handwritten signature in black ink, appearing to read "A. Busk", is written over a horizontal line.

ANDREW BUSK  
Engineering Director
